

ARICE

Arctic Research Icebreaker Consortium

Making the Arctic accessible for excellent science

**Providing better capacities for marine-based
research in the ice-covered Arctic Ocean**

Networking

- Optimal use of existing polar research vessels
- Arctic Research Icebreaker Consortium
- Which shares and jointly funds operational ship time

Joint Research Activities

- Partnering with the maritime industry
- Exploring into new key technologies
- Innovative 3D Virtual Icebreaker

Transnational access to a set of 6 international research icebreakers in the high Arctic

Partners

Grant agreement N° 730965
